# Building Solutions for Ministries

# Total Support: from your vision to your dedication

Miller-Valentine understands that your needs and vision are unlike any other. When it comes to relocating, renovating or expanding your church facility, anyone can promise full-service support. But Miller-Valentine Group actually delivers it. That's because we're a solutions provider who can help you every step of the way—from your initial vision, to the dedication of your new facility.

"The Miller-Valentine people are good listeners. They translated my thoughts into plans and executed them to bring our church to reality. Everyone is elated. We receive many compliments and people come to look at our church to get ideas for their own congregation."

Pastor Sylvester Walker,  
St. Luke Missionary Baptist Church

St. Luke Missionary Baptist Church

### From Planning to Completion

Our support capabilities begin at the planning process; we know the right questions to ask, the questions that will turn your vision into reality. For starters, we can help you with site acquisition and provide master planning services for your location. Next, we can guide you and your church through the maze of government and zoning requirements and help you sort out the right capital funding program and permanent financing. From there, we can help finalize your design and provide quality construction, making sure your project comes in on time and on budget.

### A Spectrum of Service

Miller-Valentine's Religious Facilities Group offers you a wide spectrum of services. As your single source of support, we can deliver a comprehensive package that includes:

- Design/build construction
- Construction management
- Property analysis
- Master planning
- Renovation/addition/relocation process
- Site acquisition
- Financing alternatives

And we bring that spectrum of service to an equally diverse blend of projects and programs, including:

- Worship centers
- Sanctuaries
- Multi-use facilities
- Renovation/additions
- Family life centers
- Day care/pre-school facilities
- Education facilities
- Fellowship halls
- Senior housing facilities

### Keep Pace with Change

Of all the unique challenges churches must face everyday, keeping pace with the changing needs and demands of growing congregations remains at the forefront. Miller-Valentine can provide the insight you need to make sure you have the space and amenities to handle your growing ministries. We'll see that you have the flexibility in the facility to meet your ministry needs of today and tomorrow. That includes designing innovative facilities to accommodate worship services, fellowship, education, youth activities, and outreach needs. We can even help you develop facilities for day care and senior housing.

Miller-Valentine understands that your needs and vision are unlike any other. That's why we'll do more than simply bring you our years of experience and expertise in creating quality-built religious facilities to your new building or addition. We'll bring sensitivity and a commitment to quality to our partnership as well, a combination that lets us customize exactly the right solution for you and your church.
